February 22, 2007

Dear Friends of Saddleback Archery:

You are receiving this letter because at some point you have joined us here at Saddleback Archery either for a group session, training classes or as a member.

Unfortunately I am writing to you with sad news. Saddleback Archery has lost its lease with Rancho Capistrano and will be forced to relocate. For this reason, normal range operations will cease as of March 1, 2007. Our final JOAD/STP training sessions will be held the weekend of February 24/25 and our last group will be visiting us on February 25th. The targets will be up for free shooting by JOAD/STP participants and members through March 4th. After this the packing will commence, and of course the targets will be last to go. All Saddleback Archery property will be removed from Rancho Capistrano by March 16th.

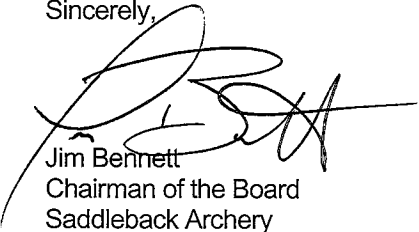

Effective immediately we will not be accepting new memberships, membership renewals or new JOAD/STP Training applications. Current Memberships will be suspended (they will not "age") as of March 1st and all members will be credited with time remaining. For the near future any group requests will be handled on an "out-call" basis only.

As we reach our 5th anniversary of operations we are reminded of what the club has achieved and how many more people there are out there that we can reach with our programs. The Board of Directors voted unanimously to continue operations and we are viewing this as a positive change. We have a committee actively looking for a new venue and we will keep you all informed of its progress. Please check the website for updates.

Again, I am saddened to be writing this to all of you, and yet excited at the new possibilities that are before us due to this change. We thank you for your support of our operations and look forward to seeing you at our new venue.

If you have any questions, comments or ideas, please do not hesitate to contact myself or any of the members of the Board of Directors.

Sincerely,

Jim Bennett
Chairman of the Board
